

- **Borrowing Materials From Other Libraries**

Patrons looking for materials should first use the encore catalog. Encore is a shared catalog of 34 libraries that provides borrowers access to an extensive collection of resources. The catalog may be used in the Library, at home or at work. Patrons may also call the Arlington Library for further questions.

There are several ways to borrow books outside of your library. Please check with a Librarian if you cannot find a book that you want.
